ROUNDABOUT SPONSORSHIP SCHEME 2017

Waterford City & County is implementing a scheme for the sponsorship of roundabouts around the city and county.

The Council is seeking to engage with businesses and organisations who wish to enhance the city and county’s built environment while benefiting from advertising opportunities being offered on selected roundabouts.

Each applicant can tender for one or more roundabouts. Joint applications will also be accepted where two or more businesses or organisations wish to sponsor a roundabout jointly. However, applicants will only be allowed to sponsor one roundabout.

Where a number of tenders are received for a particular roundabout, the sponsorship will be awarded in accordance with the method set out in Award of Tender in this document.

This tender relates to roundabouts in the Waterford City area.

Location and Description of Roundabouts.

The roundabouts are located on public roads in and around Waterford City.

The roundabouts are divided into lots as follows:

Lot 1 – Council Maintained Roundabouts
These roundabouts will be maintained by Waterford City & County Council. This is an advertising opportunity only.

Lot 2 – Advertising and Maintenance
The sponsors will be required to maintain the roundabouts for the duration of the sponsorship scheme, i.e. 5 years.
Lot 3 – Advertising, Minor Improvement and Maintenance
The sponsors will be required to carry out minor improvements to the existing landscaping on the roundabouts, and to maintain the roundabouts for the duration of the sponsorship scheme, i.e. 5 years.

Lot 4 – Advertising, Major Restoration and Maintenance
The sponsors will be required to implement new landscaping on the roundabouts, and to maintain the roundabouts for the duration of the sponsorship scheme, i.e. 5 years. Some of these roundabouts are not currently landscaped while others have landscaping that is not to the required standard.

Duration of Sponsorship
The sponsorship duration will be for a period of five years commencing in March 2017. Subject to satisfactory maintenance of the roundabout the Council may at its discretion extend the sponsorship period by up to three years.

Sponsorship Fee
The sponsorship fee is per annum for five years and is payable within one month of the anniversary of commencement of the sponsorship. Part payments will not be accepted.

Advertising Signs Proposed Signage Specification
Sponsors will be allowed to erect discreet signs on each roundabout to be located beneath the existing chevron signs on the roundabout. These signs, which will be subject to the approval of Waterford City and County Council, will show brief details of the name and logo of the Sponsor.

Each advertising sign will be appropriate to the size of the roundabout and will follow the following format:

The overall dimensions of the advertising sign shall not exceed the dimensions of the chevron sign beneath which it is to be attached. The signs will be attached in the available space below the chevron signs and attached to the poles carrying the chevron signs. Sizes of individual signs may vary due to the characteristics of the roundabout. NOTE: Sponsors should check the dimensions of the chevron signs on the roundabout prior to the design and manufacture of the advertising signs as chevron signs may vary. Overall dimensions will require Council approval prior to manufacture.

Signage must be of 2.5mm aluminium panel with 2 channel fixing rails to rear, to fix to poles. The signs are to be manufactured from aluminium composite material.

No alternative or additional advertising signs will be allowed without the prior written approval of the Council.
It will be the responsibility of the successful tenderer to have their signage fabricated at their own expense. The successful tenderer will submit the precise details of the design and lettering etc. which they wish to have placed on the sign and this will need to be agreed with the Council. The signs will be erected by Council staff.

The signs will remain the property of the sponsor and will be returned to the sponsor at the end of the sponsorship duration.

**Products for which Advertising is not allowed**
Please note that advertising for the following types of products, services, businesses and organisations is not allowed on roundabouts under this sponsorship scheme:

Tenders will be evaluated on the basis of the Comparative Lifetime Cost (CLC) of the tender. The CLC is calculated as follows:

Comparative Lifetime Cost = (Estimated Cost of Annual Maintenance x 5) + (Tendered Annual Sponsorship Fee x 5)

Tenders will be awarded marks as follows:

CLC of tender being assessed  x  1,000
CLC of Highest Tender

The existing sponsor of the roundabout being assessed will be awarded an additional 200 marks subject to an overall maximum score of 1,000 marks.

The sponsorship of the roundabout will be offered to the tender with the highest marks. In the event of equality of highest marks, if one of the tenders on equal highest marks is the existing sponsor of the roundabout, that tender will be offered the sponsorship of the roundabout. \]

Tenders will be awarded marks as follows:

- **CLC of tender being assessed** \( \times 1,000 \)
- **CLC of Highest Tender**

The existing sponsor of the roundabout being assessed will be awarded an additional 200 marks subject to an overall maximum score of 1,000 marks.

The revised tenders will be scored again using the method above and the tender with the highest mark will be offered the sponsorship of the roundabout. If there is still equality of marks the tender to be awarded the sponsorship of the roundabout will be drawn by lot.

**Lot 4 – Advertising, Major Restoration and Maintenance**

Tenders will be evaluated on the basis of the *Comparative Lifetime Cost (CLC)* of the tender. The CLC is calculated as follows:

\[
\text{Comparative Lifetime Cost} = \text{Estimated Cost of Restoration} + (\text{Estimated Cost of Annual Maintenance} \times 5) + (\text{Tendered Annual Sponsorship Fee} \times 5)
\]

Tenders will be awarded marks as follows:

- **CLC of tender being assessed** \( \times 1,000 \)
- **CLC of Highest Tender**

The existing sponsor of the roundabout being assessed will be awarded an additional 200 marks subject to an overall maximum score of 1,000 marks.

The sponsorship of the roundabout will be offered to the tender with the highest marks. In the event of equality of highest marks, if one of the tenders on equal highest marks is the existing sponsor of the roundabout, that tender will be offered the sponsorship of the roundabout. Otherwise the tenderers
will be invited to submit their best and final offers. The revised tenders will be scored again using the method above and the tender with the highest mark will be offered the sponsorship of the roundabout.
